The Talcott House, situated in the town of Jefferson, Ohio, Ashtabula County, was built according to the best recollection of the present owner and occupant, Miss Mary Louise Wood, about 1820.

The name of the original owner is not known, but in 1873 the property was acquired by the grandfather of the present owner, Eugene M. Wood. The Wood family, on the distaff side, was related to the Cleveland Family, the former President, Grover Cleveland, being a cousin of Mary Louise Wood's mother.

An interesting commentary is supplied by Miss Wood who explains that her family who had always been Republicans in Politics, changed their Allegiance when Cousin Grover ran for his first term for the Presidency.

The house, built of beveled siding with a stone foundation, is in a sad state of repair.
